The diagram illustrates a data flow or mapping. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'QA_Lab3.Izdelie.Expensive' and the bottom box contains 'QA_Lab3.Izdelie.Izdelie_Cost'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'QA_Lab3.Element.Element_Cost'. The arrows indicate that the data from both source boxes is being mapped or aggregated into the target box.
